This is a great opportunity for new skiers, old skiers and snow boarders to take a lesson and learn some new techniques. For the families with young kids that have wanted to learn how to ski or for those of us that can ski and want to learn how to snow board. The instructors at Devil's Head Resort are excellent & I am speaking from experience. The club members that have gone on this trip keep asking to go back. So let's put these four lessons to use and learn some new tricks.
